### 教學綱要

#### 一、教學目標(Objective)

#### 二、先修科目(Pre Course)

#### 三、教材內容(Outline)

#### 四、教學方式(Teaching Method)

This course is a seminar in the social, economic, and policy aspects of health services. This course will examine the changes in fertility and mortality and its impact on population structures through which policy implication will be explored. The course will be organized as a combination of lecture and seminar session. Class participation is not only encouraged but required. Students will be expected to have thoroughly read the material assign each week and participate in discussins. In addition, students will be require to write a final paper on a topic of their choosing in area related with M.A. thesis. The paper should review the relevant literature, discuss debates or issues, come to conclusion about the state of our knowledge in the area, and suggest possible avenues for future research. Student will be asked to present to the class an overview of their paper.

#### 五、參考書目(Reference)

#### 六、教學進度(Syllabi)

#### 七、評量方式(Evaluation)

八、講義位
