教學綱要

一、教學目標 (Objective)	The teaching priority is to reinforce students' basic English ability on vocabulary, words and phrases, grammar and the structure of sentences. Then, they can improve reading information and can write grammatical articles, and/or even can speak English correctly.
二、先修科目 (Pre Course)	Students in this class must be equipped with basic understanding of junior high school English--- words and simple grammar, sentence-making etc.....
三、教材內容 (Outline)	The text book is "Smart Choice 3" which can achieve multiple goals---to learn modern words and expressions, to get a better view of grammar, and to get acquaintance with different accents by different speakers. And then, the audioscripts are helpful for both reading and listening practice.
四、教學方式 (Teaching Method)	To start teaching with explaining new words and grammar, then the text unit. Since the audioscripts are important part of the book, it's necessary to play the CD for students to get used to different accents of the speakers. In class, presumably, about 50% of student can understand simple spoken English, so, 50% of English is applied when teaching.
