### 教學綱要

- 一、教學目標(Objective) To introduce students to the religious foundations of modern Western civilization by exposing them both to the foundational Biblical and Mythological sources of Western thought.
- 二、先修科目(Pre Course) Bible and Mythology, part 1
- 三、教材內容(Outline) Continuing with the adventures of the Israelites, we follow them into the land of Canaan. The cultural conflicts that ensue introduce us to various groups of people and their mythological belief systems. After Israel's exile, we explore new developments in Mediterranean belief systems that create the context for the advent of Jesus and the Christian faith. We end with consideration of select European pagan mythologies and examples of their adaptation to an increasingly Christian social environment.
- 四、教學方式(Teaching Method) Lecture  
The Bible (New American Standard Version).
