一般的大頭釘體積小，加上釘頭外圍，所以在使用的
時候容易受傷，安全大頭釘的設計能讓釘頭在不使用
時內縮，達成安全的效果。

Security tack

Normally, it's easy to get hurt while using the tack because
it's exposed to the outside and easy to hurt the user. However,
the safety tack allows the needle to retract when it is not
in use, reducing the risk of injury.

Plants Expression

The mood of the pot plant will be affected by the level of moisture
and the soil exposure. The green life in the pot plant and the
connection between the plant and the owner. People will be
growing pot plant because they can connect with their plants. It
becomes more popular, not surrounding a group to be grown.
